## 777 Cast Film™

### Setting new standards for everyday computer-cut signage.

**With improvements to the face film and adhesive, Avery Dennison 777 Cast Film is better than ever. Now you can access the conformability and dimensional stability you need at a competitive price – the answer to many medium-life computer-cutting applications.**

Avery Dennison 777 Cast Film has been upgraded to give signmakers better cutting and weeding, enhanced dimensional stability and a new liner imprint for manual conversion. With 100 standard stock colours with gloss finish, it is the everyday answer for all kinds of quality signage indoors and outdoors, including applications over curved substrates.

Improved dimensional stability offers a consistent applied durability of up to eight years. The film delivers excellent cutting and weeding on a wide range of computer signcutting equipment, and is REACH compliant too – using environmentally-responsible materials that comply with regulations and reflect rapidly growing public demand.

Avery Dennison 777 Cast Film is a conformable, low-caliper, ultra-smooth cast film with matched value for money. A fast, reliable and high-performance choice for vehicle graphics, retail and promotional graphics.

**KEY FEATURES**

- Improved cutting and weeding
- Improved dimensional stability
- New liner imprint for manual conversion
- Very good conformability to rivets and corrugations
- Matched value for money
- Up to eight years outdoor durability
- Outstanding choice of colours in gloss finish
- REACH compliant – conforming to the latest environmental regulations

**RECOMMENDED USES**

- Graphics on rigid-sided vehicles
- Graphics on boats (above water level) and sports vehicles
- Directional signage
- Window graphics
- Outdoor advertising
- Point-of-sale and promotional uses

Avery Dennison® has made every effort to match the colours in our 777 Cast Film portfolio as close as possible to the Pantone and RAL colour code equivalents. The table is designed to help you get a better idea of colour similarities but we cannot guarantee an exact colour match. Colour cards and/or samples are available on request.
